Storm Water Pollution Prevention Plan
Linear Project Less Than 1 Acre

Permittee Name:_____ Date:_____

Permittee Signature:_____ Phone #_____

Project Information

Project Name:_____ Project Address:_____

Type of Project (water, power, sewer etc.):_____ Length of Project (lf):_____

Brief Description of Project: _____

Best Management Practices

Identify proposed Best Management Practices (BMPs) to reduced pollutants in storm water discharges.
Check all that apply even if they only apply during part of the construction:

◯ Inlet Protection (wattles, drop inlet, etc.) ◯ Check Dams ◯ Track Pad
◯ Perimeter Controls (silt fence, berms, etc.) ◯ Other (please list)_____

Good Housekeeping Practices

Identify Proposed Good Housekeeping Practices
Check all that apply even if they only apply during part of the construction:

◯ Sanitary/Portable Toilet ◯ Garbage/Waste Disposal ◯ Concrete Washout
◯ Spill Controls (spill kit) ◯ Dust Control ◯ Sweeping Roads
◯ Material Storage **NO EXCAVATED MATERIAL, SAND GRAVEL, ROADBASE, OR OTHER STRUCTERAL FILL ARE TO BE STOCKPILED (STORED) IN ROADWAYS OVERNIGHT STORM WATER ORDINANCE TITLE 17**

◯ Other Describe: _____

A plan showing the PLACEMENT of the BMPs and Good Housekeeping Practices will need to be attached to this SWPPP. This can be a picture of the site, Google Earth snapshot, the site plan for the project or a hand drawn diagram on page 2. Any of these options will need to show the placement and type of BMP that will be used. The permittee is the person responsible for the installation/maintenance of the SWPPP plan.
